ABSTRACTS:

- SY Ahsan, C Koo, A B Gopalamurugan et al, Multipolar Left Ventricular Pacing to Optimise Acute Haemodynamic Response to Cardiac Resynchronisation Therapy, Europace (2011) 13 (suppl 4): iv1-iv2

- G G Babu, S Kumar, A B Gopalamurugan et al, ‘Chronic kidney disease is an independent predictor of sustained ventricular arrhythmia in heart failure patients with primary prevention cardiac resynchronisation therapy devices’, Heart Rhythm, AB28-2, S366, 7 (5S), May 2010

- G G babu, Sanjeev Kumar, A B Gopalamurugan et al, ‘Chronic kidney disease is an independent predictor of sustained ventricular arrhythmia in heart failure patients with primary prevention CRT-D devices’, Journal of Interventional Cardiac Electrophysiology, 180;27(3) 147-266 (2010)

A B Gopalamurugan et al, ‘Effects of oral potassium supplementation on forearm vascular reactivity’, Arteriosclerosis, Thrombosis and Vascular Biology, presented as a poster at the ATVB conference and published in the abstract book, July 2006; (Impact factor (IF)=7.4)

PUBLICATIONS:
